

# INTRODUCING DALE!!

*Dale is 5-year-old boy who is looking for his forever home. He loves to play outside and be active. He is very outgoing and talkative.*

*Dale has some medical issues that include having a G-Tube and a central line where he gets his nutrition. He was also born with clubbed feet and has been through surgeries to correct it. He recently finished his rounds of casting and has braces. It took some time, but he is walking and running like crazy!*

*Dale has in home nursing services and is closely monitored by GI at Children's Hospital. A home health nurse also sees him twice a week to clean is tube area and make any changes needed.*

*Dale has a twin brother that is in another home. Dale hopes to find a family that is willing to do regular visits with his brother or a family that is willing to adopt his brother as well.*

*If you could be the family Tommy and Dale are looking for and are interested in learning more about the, please contact Carla Perla Severini at 513-732-7626 or through email at [Carla.Perla-Severini@jfs.ohio.gov](mailto:Carla.Perla-Severini@jfs.ohio.gov).*
