

# INTRODUCING BRYSON!!

*Bryson is a sweet 9-year-old (almost 10) boy who is looking for his forever home. Bryson is energetic and loves to be outside. His favorite sport is football, and he will challenge anyone to a game.*

*Bryson likes to learn new things and loves to share knowledge about his interests with others. He is creative and likes to make things. He recently made a basketball game out of paper bags for his room.*

*Bryson can be shy at first but once he is comfortable with someone, he is known to joke around to make you laugh. He has a huge, bright smile and a contagious giggle!*

*Bryson thrives on one-on-one attention but would also like a sibling. Bryson needs a family that will provide structure, support and patience. He thrives with routine and consistency. A family with a good understanding of trauma is also very important.*

*If you could be the family Bryson is looking for and are interested in learning more about him, please contact Carla Perla Severini at 513-732-7626 or through email at [Carla.Perla-Severini@jfs.ohio.gov](mailto:Carla.Perla-Severini@jfs.ohio.gov).*
